

# THE PURPOSE OF THE INSTITUTE OF NAVIGATION

The Institute of Navigation (ION) is a not-for-profit professional organization dedicated to advancing Positioning, Navigation and Timing (PNT). ION's international membership is drawn from many sources including professional navigators, engineers, physicists, mathematicians, astronomers, cartographers, photogrametrists, meteorologists, educators, geodesists, surveyors, general aviation and airline pilots, mariners and anyone interested in position-determining systems. Corporate members include corporations, civil and military government agencies, private scientific and technical institutions, universities and training academies, and consulting firms.

## ACKNOWLEDGMENTS

The International Committee for Airspace Standards and Calibration (ICASC) wishes to acknowledge the combined efforts of a dedicated group of individuals whose contributions were invaluable to the success of the 2018 International Flight Inspection Symposium (IFIS) hosted by The Institute of Navigation. This acknowledgment is in no way all-inclusive, but serves as recognition of principal contributors.

## PROGRAM COMMITTEE

General Chair:	Dr. David Powell
Program Chair:	Dr. Michael DiBenedetto
Finance Chair:	Dr. Per Enge

## SESSION CHAIRS

Opening Ceremonies:	Dr. Michael DiBenedetto
Plenary Session:	Dr. David Powell
Standards (Organizational, Operations, Systems):	Mr. Larry Brady
Flight Inspection Technology (Including ADS-B and RFI):	Mr. Michael Spanner
GBAS Inspection, Operational Experience:	Mr. Frank Musmann
Operation:	Mr. Fabrizio Maracich
Safety (Including Management System and Crew Resource Management):	Capt Tom Wede
Flight Validation and ARINC Coding (Including Database Issues):	Capt Tom Wede
PANEL DISCUSSION: Flight Validation:	Capt Tom Wede
UAV Operations and Flight Inspection Applications:	Mr. Sigurd Bjelkarøy
Training and Certification:	Mr. Asbjørn Madsen
Legacy NavAids:	Mr. Sileno Godicke
